

Cancelled Planned Operations

Month ending 30 November 2016

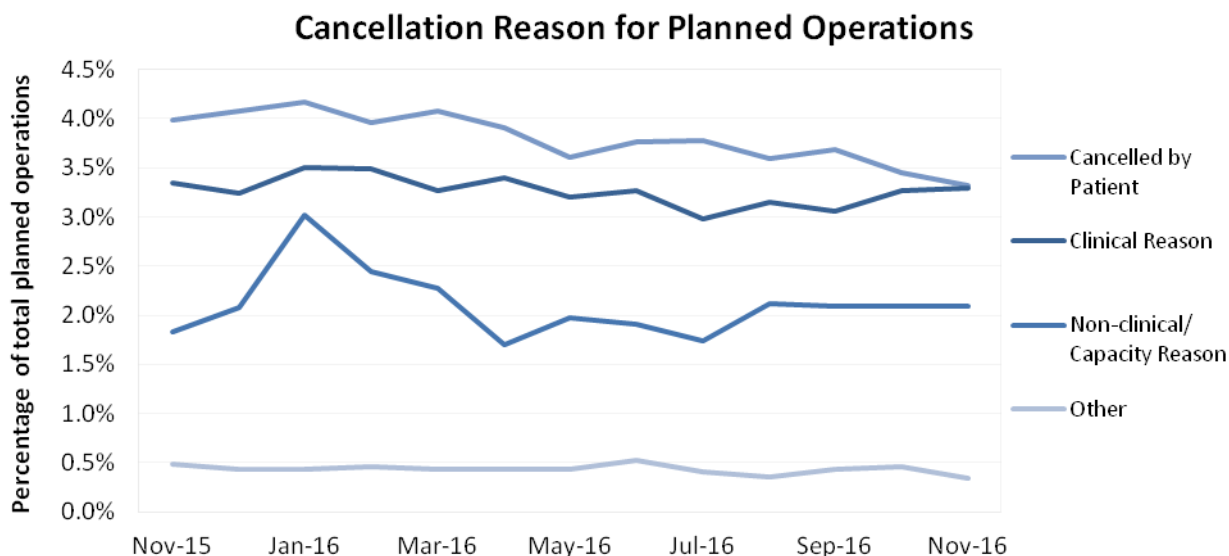

Publication date – 04 January 2017

About this release

This monthly release by Information Services Division provides information on the number of patients in NHSScotland who have had their planned hospital operation cancelled along with the reason for this cancellation.

Main points

- The total number of planned operations across NHSScotland during November 2016 was 31,730 which is very similar to 31,739 during November 2015.
- 2,871 operations (9.0% of planned operations) were cancelled either by the hospital or by the patient, ranging from 3.3% to 13.1% across individual NHS Boards. This compares to 3,062 (9.6%) in November 2015.
- Of all planned operations: 1,055 (3.3%) were cancelled by the patient; 1043 (3.3%) were cancelled based on clinical reasons by the hospital; 665 (2.1%) were cancelled by the hospital due to capacity or non-clinical reasons; 108 (0.3%) were cancelled due to other reasons.

Background

These statistics are released monthly. Data are provided by NHS Boards' theatre systems and include patients who are cancelled the day before, or on the day of their elective operation.

Data for this publication are submitted from the NHS Boards information systems used to plan and book operations.
