Community Pharmacy contractor activity
Data for July to September 2017
Publication Date – 12 December 2017

About this release
The Information Services Division has released Community Pharmacy activity and direct pharmaceutical care services in an open data format. This information release makes these data available in response to information requests for contractor data relating to specific Community Pharmacy services. The longer term aim is to give the greatest equality of access following feedback on these experimental statistics.

Find out more
Open Data files enable independent analysis of Community Pharmacy activity and the direct pharmaceutical care services they provide. Information is shown for each contractor and for the following:

- Overall dispensing activity and payments
- Minor Ailments Service
- Chronic Medication Service
- Emergency Hormonal Contraception service
- Smoking Cessation Service
- Methadone dispensing

Further information is available from the Prescribing webpages.
