Ovarian Cancer Quality Performance Indicators

Patients diagnosed between October 2013 and September 2016

An Official Statistics publication for Scotland

Publication date: 20 February 2018

About this release

This is the first publication of the National Ovarian Cancer Quality Performance Indicators by Information Services Division. The report assesses performance against nine indicators developed by ovarian cancer specialists working in Scotland. The information reported has been collected from clinical audits. This report provides an opportunity to review NHSScotland performance against these measures.
