Bladder Cancer Quality Performance Indicators

Patients diagnosed in the three years from April 2014 to March 2017

An Official Statistics publication for Scotland
Publication date: 28 August 2018

About this release

This release by Information Services Division is the first publication of the National Bladder Cancer Quality Performance Indicators. The report assesses performance against eleven indicators developed by bladder cancer specialists working in Scotland. The information reported has been collected from clinical audits. This report provides an opportunity to review NHSScotland performance against these measures.
