Testicular Cancer Quality Performance Indicators

Patients diagnosed in the three years from October 2014 to September 2017

An Official Statistics publication for Scotland
Publication date: 28 August 2018

About this release

This release by Information Services Division is the first publication of the National Testicular Cancer Quality Performance Indicators. The report assesses performance against ten indicators developed by testicular cancer specialists working in Scotland. The information reported has been collected from clinical audits. This report provides an opportunity to review NHSScotland performance against these measures.
