## Cancelled Planned Operations

Month Ending 30 June 2015

Publication date – 28 July 2015

### About this Release

The Information Services Division are publishing the number of patients in NHSScotland who have had their scheduled hospital operation cancelled and the reason for cancellation.

This release provides a summary of the number of NHSScotland operations which took place in June 2015, the total number of cancellations and a breakdown of the reasons for those cancellations by Scotland, NHS Board and hospital.

### Key Points

- The total number of scheduled (planned) operations across NHSScotland during the month ending 30 June 2015 was 30,895;
- Of these, 2,746 (8.9%) operations were cancelled either by the hospital or the patient;
- 396 (1.3% of operations planned) were cancelled by the hospital due to capacity or non-clinical reasons.

### Background

These statistics are released monthly. Data are provided by NHS Boards Theatre Systems and include patients who are cancelled the day before, or on the day of their elective operation. As the data builds over time the Information Services Division will be able to report on trends in cancellations.

Data for this publication are submitted from the NHS Boards information systems used to plan and book operations.

### About ISD

Scotland has some of the best health service data in the world combining high quality, consistency, national coverage and the ability to link data to allow patient based analysis and follow up. Information Services Division (ISD) is a business operating unit of NHS National Services Scotland - and has been in existence for over 40 years. We are an essential support service to NHSScotland and the Scottish Government Health Department and others, responsive to the needs of NHSScotland as the delivery of health and social care evolves.

### Official Statistics

Information Services Division (ISD) is the principal and authoritative source of statistics on health and care services in Scotland. ISD is designated by legislation as a producer of 'Official Statistics'. Our official statistics publications are produced to a high professional standard and comply with the Code of Practice for Official Statistics. The Code of Practice is produced and monitored by the UK Statistics Authority which is independent of Government. Under the Code of Practice, the format, content and timing of statistics publications are the responsibility of professional staff working within ISD.
