

# Cancelled Planned Operations

Month ending 30 June 2016

Publication date – 02 August 2016

## About this release

This release by Information Services Division provides information on the number of patients in NHSScotland who have had their planned hospital operation cancelled along with the reason for this cancellation.

## Main Points

- The total number of planned operations across NHSScotland during June 2016 was 31,761. Of these, 2,997 (9.4%) operations were cancelled either by the hospital or by the patient, with individual NHS Boards ranging from 4.3% to 13.2%. This is a similar level to the previous month.
- Of all planned operations, 1,167 (3.7%) were cancelled by the patient, 1,031 (3.2%) were cancelled based on clinical reasons by the hospital, 632 (2.0%) were cancelled by the hospital due to capacity or non-clinical reasons and 167 (0.5%) were due to other reasons.
- The number of scheduled operations has increased by 2.8% over the same period last year from 30,904 during June 2015 to 31,761 during June 2016. Similarly there has been an increase in cancellations from 2,754 (8.9% of planned operations) to 2,997 (9.4% of planned operations) over the same period.

## Background

These statistics are released monthly. Data are provided by NHS Boards theatre systems and include patients who are cancelled the day before, or on the day of their elective operation.

Data for this publication are submitted from the NHS Boards information systems used to plan and book operations.
