Cancelled Planned Operations

Month Ending 31 March 2018

An Official Statistics publication for Scotland

Publication Date: 1 May 2018

About this release

This release by the Information Services Division (ISD) provides information on the number of patients in NHSScotland who have had their planned hospital operation cancelled and the reason for this cancellation.

Main points

- The total number of planned operations across NHSScotland during March 2018 was 29,045, a decrease of 8.7% from 31,796 during March 2017.

- 3,646 operations (12.6% of planned operations) were cancelled in March 2018, ranging from 5.6% to 22.1% across individual NHS Boards. This compares to 2,887 (9.1%) in March 2017.

- Of all planned operations: 1,122 (3.9%) were cancelled by the patient; 892 (3.1%) were cancelled by the hospital based on clinical reasons; 1,201 (4.1%) were cancelled by the hospital due to capacity or non-clinical reasons; 431 (1.5%) were cancelled due to other reasons.

Further Information

A workbook containing data for Scotland, NHS Boards and hospitals is available.

Further information can be found on the waiting times pages of the ISD website. A metadata document has been produced for this publication.

The next release of this publication will be in June 2018.

NHS Performs

A selection of information from this publication is included in NHS Performs. NHS Performs is a website that brings together a range of information on how hospitals and NHS Boards within NHSScotland are performing.

ISD and Official Statistics

Information Services Division (ISD) is the principal and authoritative source of statistics on health and care services in Scotland. ISD is designated by legislation as a producer of ‘Official Statistics’. Our official statistics publications are produced to a high professional standard and comply with the Code of Practice for Official Statistics. Further information about our statistics.
