Cancelled Planned Operations

Month Ending 30 April 2018

An Official Statistics publication for Scotland

Publication Date: 5 June 2018

About this release

This release by Information Services Division (ISD) provides a monthly update on the number of patients in NHSScotland who have had their planned hospital operation cancelled and the reason for this cancellation.

Main points

● The total number of planned operations across NHSScotland during April 2018 was 26,932, an increase of 10.0% from 24,491 during April 2017.

● 2,429 operations (9.0% of planned operations) were cancelled in April 2018, ranging from 3.6% to 12.0% across individual NHS Boards. This compares to 2,295 (9.4%) in April 2017.

● Of all planned operations: 939 (3.5%) were cancelled by the patient; 836 (3.1%) were cancelled by the hospital based on clinical reasons; 587 (2.2%) were cancelled by the hospital due to capacity or non-clinical reasons; 67 (0.2%) were cancelled due to other reasons.
Background

These statistics are released monthly. Data include patients who are cancelled the day before, or on the day of their planned operation.

Data for this publication are submitted from NHS Board theatre systems.
