Cancelled Planned Operations

Month Ending 31 October 2019

Official Statistics publication for Scotland

Publication Date: 3 December 2019

About this release

This release by Information Services Division (ISD) provides a monthly update on the number of patients in NHSScotland who have had their planned hospital operation cancelled the day before, or on the day of their planned operation and the reason for this cancellation.

Main points

• The total number of planned operations across NHSScotland during October 2019 was 29,137, a decrease of 4.6% from 30,533 during October 2018.

• 2,481 operations (8.5% of all planned operations) were cancelled in October 2019, ranging from 5.1% to 11.7% across individual NHS Boards. This compares to 2,598 (8.5%) in October 2018.

• In October 2019, of all planned operations:
  – 3.5% were cancelled by the patient;
  – 3.0% were cancelled by the hospital based on clinical reasons;
  – 1.7% were cancelled by the hospital due to capacity or non-clinical reasons;
  – 0.3% were cancelled due to other reasons.

• The peak in cancellations for non-clinical/capacity reasons in November 2018 (3.4%) relates to the unplanned, temporary closure of the Cowlairs decontamination unit in NHS Greater Glasgow & Clyde.
Background
